Press Release No. 2019-046

### Guam Comprehensive Hemophilia Care Program Hemophilia Medical Symposium

The Guam Comprehensive Hemophilia Care Program (GCHCP) under Medical Social Services (MSS) of the Bureau of Community Health Services of the Department of Public Health and Social Services, will be sponsoring a Hemophilia Medical Symposium on Friday, March 29, 2019 from 8:00 a.m. to 1:00 p.m. at the Westin Resort Guam. The event's theme is "*Celebrating the Past, Embracing the Future*," which embodies the significant strides the GCHCP has made in the care of patients with Hemophilia and von Willebrand's Disease since 1998 and beyond.

The various topics presented by physicians and a physical therapist in the field of bleeding disorders highly aims to educate and update various health care professionals on Guam, such as, physicians, nurses, dentists, physical therapists, and other allied health professionals with regards to Hemophilia and von Willebrand's Disease. The event is made possible by the generous sponsorships provided by the National Cornerstone Healthcare Services, Bioverativ, a Sanofi Company, Genentech, and from support of the Western States Regional Hemophilia Network, Orthopaedic Hemophilia Treatment Center of Los Angeles, California, Guam's Alternative Lifestyle Association, Inc., and by the hard work of the GCHCP's multidisciplinary team and planning committee.

Registration for the event is free. Seating is limited to 75 (seventy-five) participants. To register as a participant and for more information, please contact or e-mail the MSS Social Workers, Cherisse Santiago at 735-7351; [cherisse.santiago@dphss.guam.gov](mailto:cherisse.santiago@dphss.guam.gov), Nicole Loren at 735-7174; [nicole.loren@dphss.guam.gov](mailto:nicole.loren@dphss.guam.gov), or Diana Santos at 735-7356; [diana.santos@dphss.guam.gov](mailto:diana.santos@dphss.guam.gov).
